

Be life ready with Vision Australia

At Vision Australia, we support children and young people who are blind or have low vision to participate in all aspects of life and learning.

Our services are designed to help each child build the foundational life skills they need to thrive – now and into adulthood.

How we can support your child

Through our Life Ready program, we focus on building confidence, independence and meaningful participation at home, in school and out in the community.

Support for early development and learning, including literacy and numeracy

Orientation and mobility training

Functional vision assessments and low vision aid training

Assistive technology and accessible learning tools

Social skills and communication development

Family-centred group programs, events and support networks

School readiness and support for school transition

Speech pathology, physiotherapy, counselling and other allied health services

Support for establishing career aspirations and preparing for future employment

Our commitment

We believe that every child deserves the same opportunities and experiences. Whether it's taking their first steps, starting school or dreaming big about their future career – we're here every step of the way.

Let's work together to build strong foundations for life

Visit us at one of our specially equipped centres, or access our services via our convenient telehealth appointments.

Please reach out to our team to discuss what funding options may be available to you.
